Pied Pipers Split Games Past Week In Second Place

Hamlin Pied Pipers basketball team split the difference in their two conference games during the past week, losing to the Throckmorton Greyhounds 20-16, Friday night and trouncing the Albany Lions 29 to 10 on Tuesday night.

Last night, Thursday, they were to play the Rule Bobcats in the local gymnasium. Tuesday night the Anson Tigers will come here for a 5-A East encounter.

In the game against Throckmorton, Desham paved the Greyhounds with 12 points. The Hounds led at half-time, 13-7.

Thursday night at Albany the Pipers led all the way against the Lions, leading at the half, 10-4. Brad Rowland was high-point man with 12 points. The Piper B squad won 19-6.

In other games during the past week, Haskell beat Anson 24-17; Rule 43, Stamford, 16; Rule 27, Anson 16; Haskell 43, Stamford 36.

Conference standings show Throckmorton and Rule tied for the lead with no losses and Hamlin in second with two wins and one loss for a .666 average.

Winter Back Again With Colder Weather For Area

Winter came back again for another stand Wednesday night with temperature in Hamlin falling to 28 degrees early Thursday. Snow and sleet started falling about 8 o'clock. The weatherman stated the area could expect the mercury to tumble to 20 degrees during Thursday night but that the current storm would not reach the bitter low levels of the recent "white norther" when readings of seven and eight below zero were recorded.

The Thursday morning snow and sleet was melting as it hit the ground. Wind from the north sent folks scurrying for their topcoats after several days of balmy weather.

Local WAC Plays In Table Tennis Tourney

Frankfurt, Germany—Captain Carolyn P. Greenway, daughter of Mr. and Mrs. Roscoe Greenway of Hamlin, Texas is now serving with the Women's Army Corps in the European Theatre. She recently took part in the WAC Table Tennis Championship held in the Eagle American Red Cross Club at Wiesbaden, Germany.

This four-day tournament was held December 2 to December 5th to determine the European Theatre WAC table tennis champions. Nearly 70 WAC's representing 15 major commands in the Theatre were present trying to capture the coveted awards that accompanied each match, held under the auspices of European Theatre Special Services.

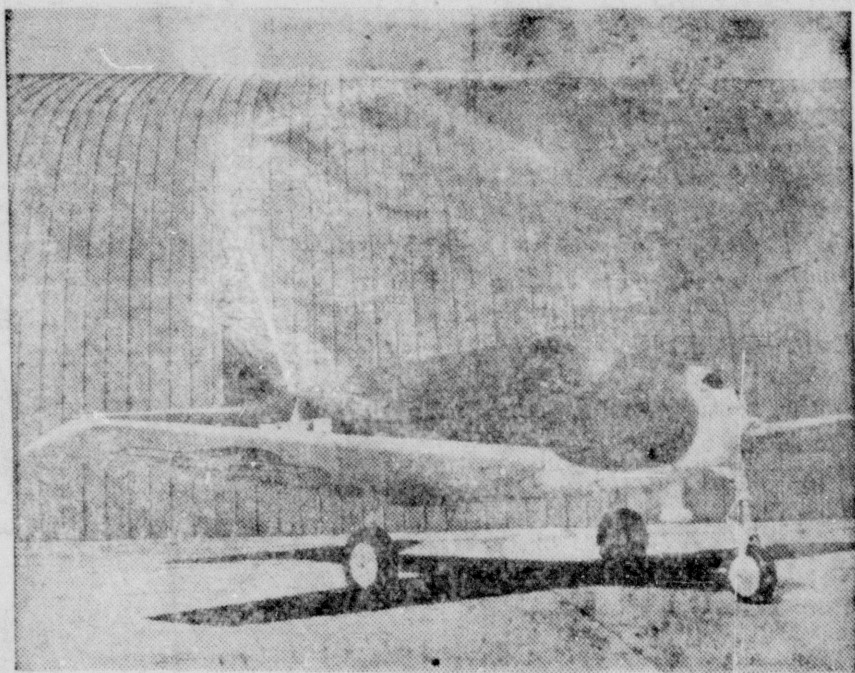

Captain Greenway graduated from Hamlin High School, and West Texas State Teachers College, Canyon, where she obtained a BS degree. She is currently assigned to the WAC Detachment of the United States Air Forces in the European Theatre at Wiesbaden, Germany. During her service she has graduated from the Army school, preventive medicine course and the WAC personnel administration course. She has been awarded the Army Commendation Ribbon.

First Baptist Aims "Hour of Power" On Sweetwater Station

Second broadcast of the "Hour of Power" radio program being presented by a group from the First Baptist Church, over KXOX, Sweetwater, was heard Saturday afternoon at 5 o'clock.

The program is 30 minutes long and will consist of music by a quartet composed of Floyd McCoy, Mrs. John Osteen and Mr. and Mrs. Lester Morton. The pastor, Rev. John Osteen, will bring an inspirational sermon during the 13 weeks the program will be on the air.

Navy Weapons Of The Future

Highlighting the development by the U. S. Navy of offensive and defensive weapons and devices accelerated by World War II are robot aircraft such as the "Glomb," "Gordon," and "Gargolye," heralds of a supersonic age in which only the mind of man will match the speed of the deadly creatures his genius has conceived. Largest member of the trio is the "Glomb," or glider-bomber (above). The LBE-1 is a television-controlled aircraft which will stand 300 miles per hour in a four-G dive.

C. of C. Plans Banquet; To Elect Four Directors

Tentative plans were made at the monthly meeting of the board of directors of the Hamlin Chamber of Commerce Tuesday morning for the annual membership banquet sometime next month. The exact date will be announced when the arrangement committee, composed of Joe Culbertson, Tate May and Claude Lancaster, secures a speaker and place for the banquet, it was decided. President O. D. Rowland was in charge of the session.

Mrs. E. M. Wilson, secretary, read minute of previous meetings and gave a report of activities during the past few weeks.

President Rowland named a committee to select twelve names from whom four new directors will be announced at the banquet and possibly new officers will be elected before that time.

Retiring directors are Mr. Rowland, Haskell Carter (who will remain as an ex-officio member because he is the chamber's representative for the West Texas C. of C.), R. M. McCurdy and I. W. Witt.

The following list of names was selected by the committee and placed on the ballot: Jim Howard King, John O. Lewis, W. R. Terry, Pat Marlow, Arlie Cassle Paul Bryan, Joe Simpson, W. H. Burnett, E. C. Feagan, J. S. Inzer, C. C. Bailey and Fred Carpenter.

Joe Armstrong to Enter Blooded Steer In Houston Show

Houston—Competing in an event which attracted a record-breaking number of entries, Joe Armstrong, member of the Hamlin Future Farmers of America chapter, will enter a blooded young steer in the boys' livestock show of the 1947 Houston Fat Stock Show and Livestock Exposition, Herman Engel, livestock show manager, has announced.

Outstripping all past performances in prizes, entries and general interest the 1947 edition of Houston's biggest civic enterprise will be held from January 29 through February 9.

The boys' livestock show promises to be the finest and most elaborate in the Fat Stock Show's 15 year history. Hundreds of boys and girls' from farms and ranches all over Texas will bring fattened steers each a potential grand champion winner, along with sheep, pigs and poultry to the show. Many of the steers will be animals caught in last year's calf scrambles.

Judge Owen Thomas Rotary Club Speaker

District Judge Owen Thomas of the 104th Judicial District, Jones, Fisher and Taylor Counties, was the principal speaker at the Wednesday luncheon meeting of the Rotary Club in the Morgan Hotel. Judge Thomas is from Abilene.

The speaker discussed briefly important factors in Texas law.

Charles Prather Tells Lions of Experiences In Land 'Down Under'

Members of the Hamlin Lions Club heard Lion Charles Prather relate in an interesting manner some of his experiences while on duty with the armed services in Australia, the "land down under" and other parts of the South Pacific theatre of operations.

Prather stated that Australia is a country much larger than the United States with the population of a little more than seven million, most of whom live in the two large modern cities of Melbourne and Sydney. Much of the land is desert waste area. He said the Australians are a great people and from all accounts he must have enjoyed his stay among them. He told of his experiences among the jungle people of New Guinea and of visits to rubber and coconut plantations.

Polio Fund Drive Now Underway Here

Annual drive for funds to be used by the National Foundation for Infantile Paralysis is now underway, with Hamlin merchants being asked to place a jar or other container in their store in which to receive funds for this important drive. Mrs. V. R. Bosd is local chairman. No ball or entertainment is being planned locally.

Anson is planning to hold a ball at Pioneer Hall on January 30 and Fisher County is planning on covering the entire county in their drive for their quota.

Half of the funds stay in the county and in Jones County last year more money was spent from local funds on several polio cases than in the preceding three years.

Cattle and Cotton Show Drop; Hogs Sheep, Grain Advance, Others Steady

Cotton tumbled \$6 to \$7 a bale last week below the previous week's close. Cattle dropped too, but hogs, sheep, grain and vegetables advanced. Other farm products held about steady at most southwest markets last week, according to USDA's Production and Marketing Administration, just received by The Herald.

Light supplies of eggs and poultry were adequate to meet the fair to good demand at southwest markets last week. Current receipt eggs held steady at 35 cents to 40 cents per dozen. Also, heavy hens were steady at 22 to 25 cents per pound at Denver; 24 to 26 at Fort Worth; and 25 to 26 at Dallas. Turkey trading is near a sandstill at about 20 cents per pound for toms and 33 for hens.

Hogs gained 50 cents a dollar a hundred last week at most southwest markets. Top butchers brought mostly \$22 per hundred at Fort Worth; \$21.50 at San Antonio; \$22 to

State Legislature Convenes For Fiftieth Time in Austin

Failure Mar Oil Picture In Area During Past Week

Apparent failure in the Swastika which produces in other wells on the lease was reported for the Eastland Oil Co. No. 4 Chittenden estate eight miles northwest of Anson. The well cored lime sand in the formation to 3,025 feet. No show was reported for the Flippin sand which produces in the Jones No. 1 Chittenden estate about a mile to the west. Location of the No. 4 is 330 feet from the west and 1,650 from the south line of lot 20 Louis Kratz survey league 335.

Operators decided Wednesday to deepen the well, and drill ahead several hundred feet. It is the first well in the area to go below 3,000 feet and Thursday was said to be below 3,200 feet.

Failure for the long northwest extension attempt to new reef production in northern Fisher County 12 miles west of Hamlin has been reported for the Ellis A. Hall No. 2-A J. B. Terrell, 1,980 feet from the north and 1,900 from the east line of section 81 H&TC survey. The project has been plugged and abandoned at total depth of 5,032 feet. No oil shows were reported on the well record.

Official gauge on the pool opener, the Hall No. 1 Terrell, is to be made as soon as roads to the location become passable.

Seven miles west of Anson, the North American Oil Consolidated No. 1 J. M. Arnett, proposed 4,600 foot cased tool wildcat 350 feet from the south and west lines of section 46 2 SP survey was completing under-reaming eight inch casing to 2,270 feet.

In the Eskota field of Fisher county, Stanolind Oil and Gas company was to run a drillstem test in the Noodle Creek line on its first project in the area, the No. 1 J. B. Wade, 330 feet from the north and east lines of the east 180 acres of the south 320 acres of section 11 block 19 T&P survey. Total depth for the test was 2,605 feet.

Stamford Civic Music Association Presents Singer Robert Merrill

Robert Merrill, the newest star of the Metropolitan Opera Company, a baritone who has appeared in such radio programs as the "Cola Cola Hour," Serenade to America and the NBC Symphony, will be presented by the Stamford Civic Music Association in the first program of the season next Thursday night, January 23 to be in St. John's Church.

Merrill is the first of several prominent artists to be presented by the association, which has several members in Hamlin. At the present time he is the star of the RCA Victor program, aired by NBC every Sunday afternoon.

SUNDAY SPEAKER

BISHOP SELECTMAN

Bishop Selectman To Preach Sunday First Methodist

Bishop Charles C. Selectman, D. D. LLD, of Dallas will preach at the First Methodist Church of Hamlin at the eleven o'clock hour, Sunday, January 19.

Bishop Selectman is one of the great preachers and educators of American Methodism. He was president of Southern Methodist University for fifteen years before his election to the episcopacy in 1938. He is now resident bishop of the Dallas Area of the Methodist Church and president of the General Board of Evangelism of the church.

Dr. Will C. House, pastor, says: "It is a rare privilege to have Bishop Selectman visit Hamlin and we extend a cordial invitation to the public to hear him."

Duncan Food Changes To Piggly Wiggly

Edgar E. Duncan, proprietor of Duncan Food Store, announces this week in a full-page ad in The Herald that his store is now to be known as Piggly Wiggly. A well known organization of locally owned and operated grocery stores, now serving in 43 states, Piggly Wiggly originated the self-service type of store now used by many chain and independent firms, Duncan said. A veteran of World War II, Mr. Duncan has been in business here for over six months.

He stated that other than the change of name, type of service, arrangement of counters and stock, the store would remain the same as in the past with the same group of employees.

Cowboys Again Name Hamlin Griddler For 1947 Team Captain

Collegiate football honors came to another former Hamlin Pied Piper this week with the announcement that Jack Ellison had been elected captain of the 1947 Hardin-Simmons Cowboys. "Cactus Jack" is the second Hamlin boy to be honored in recent years as the captain of this past season's championship aggregation was Al Johnson, also of Hamlin.

Burleson Named to House Administration

Congressman Omar Burleson, of Anson, newly-installed representative of the 104th Judicial District, Jones, assigned to the committee on house administration, according to information from Washington. Congressman George Mahon of Colorado City, serving the district including Stonewall and Haskell Counties, has been named to the important appropriations committee.

Dr. and Mrs. Brandon White and Linda of Stephenville, were here visiting her parents, Mr. and Mrs. S. M. Richardson, Sunday.

Solons From Area On Hand for 50th Biennial Term

The "centennial legislature," the fiftieth biennial session of the Texas Legislature since Texas became a state in the Union a century ago, opened in rapid-fire order Tuesday at the historic old capitol in Austin.

All senators and representatives from his area were present for the occasion, including veteran Senator Pat Bullock from Colorado City, representing the 24th district, which includes Jones, Fisher and Stonewall Counties. State representatives include Bill Teague of Anson, a native of Hamlin, representing the 115th district, Sterling Williams of Snyder, the 113th district, which includes Haswell County and Charles Conner of the 113th district, which includes Haskell County.

The first measure, calling for senatorial redistricting by Senator Roger Kelly of Edinburg was introduced 50 minutes after the House and Senate got underway with simultaneous bangs of the gavel at 12:01 noon.

Rep. W. O. Reed is the new speaker of the House and Sen. Ben Ramsey of San Augustine is President pro tem of the Senate.

Gov. Coke Stevenson delivered his farewell message to the joint session of the Legislature on Thursday and plans are now being made for the inauguration of Gov.-elect Beauford Jester on next Tuesday.

Bills introduced include one calling for increased pay in the form of an emergency bonus for Texas school teachers.

Tests Show Rain Penetration Not Good As Expected

Recent moisture penetration tests by California Creek Soil Conservation employees show that the amount of moisture contained in some soils is not so good as might be expected. The type of cover and condition of the land were the principle influencing factors.

Some moisture was found in the soil at the depth of 6.5 feet on heavy black land having a good pasture cover, whereas, the penetration, was only 1.0 foot on overgrazed pasture of the same soil. Heavy red land pasture in good condition tested 4.0 feet of moisture contained in some soils is sure penetration was 1.0 foot for this soil.

The study also revealed a penetration of 6.5 feet on heavy black cultivated land, in good till. Moisture was found to 1.5 feet in heavy red cultivated land on which the crop residue had been grazed.

These tests were made Thursday afternoon, January 9, by J. G. McFord Unit of the Soil Conservation Callum, and F. H. Gooch of the Stam Service. They were selected of district cooperating farms of within five mile radius of Stamford.

The observations indicate that to preserve moisture for the next crop, whether pasture or crop land, the soil must be kept receptive to moisture penetration through conservation practices. A combination of residue management, deep tillage, contour cultivation, terracing, and soil building crops will do this on cultivated land while proper stocking and other practices will help on pasture land.

Soil Conservation Meet In Haskell

Farmers are reminded of the soil conservation meeting which is being held in Haskell County courthouse, January 21, at 2:30 p. m. This meeting is sponsored by the Second National Bank of Houston and Burlington Lines and will present O. Dooley Dawson as the speaker. "The meeting is open to the public and you are urged to attend," stated Jim McCulloch, chairman of the board of district supervisors.

JONES COUNTY FARM LOAN ASSOCIATION AMONG 'TOP 20'

Joe Breel, secretary-treasurer of the Jones County National Farm Loan of Anson has been advised by the Federal Land Bank of Houston that the Jones County Association is among the "high twenty" in the State of Texas on loans closed during 1946. There are approximately one hundred forty five National Farm Loan Associations in Texas. In recognition of the volume of business written by the local association last year, the Federal Land Bank of Houston has invited Mr. Breel to attend the annual stockholders' meeting of the Bank to be held in Houston on February 11 and 12, and to be a special guest of Sterling C. Evans, President of the Bank on that occasion.

"We are happy to have been able to serve the local association and the Federal Land Bank as successfully as we did in 1946," Breel said. "It speaks well of the work done by my predecessor, B. L. Jones, and the other officers and directors of the association, and too, it merely means that we did a little better job of making the loan facilities available to assist farmers and ranchers of Jones County than was done in some other counties."

The directors of the Jones County National Farm Loan Association are Dan W. Crumpler, Anson, Joe Culbertson and L. H. McBride, Hamlin

and R. B. Buie and Coy F. Upshaw of Stamford. Mrs. Maud Pittman is assistant secretary-treasurer of the organization.

SOIL CONSERVATION DISTRICT NEWS

Fall plantings of soil building crops are showing promise throughout the California Creek Soil Conservation District. Both Austrian winter peas, and hairy vetch and rye are furnishing grazing at this time where the fields have dried sufficiently to permit their use.

Bruce Taylor, of the Lueders community, stated that he has been grazing his peas several weeks. Taylor also reports a good growth of vetch and rye. There is a good stand of fall sown alfalfa on the Taylor ranch which is expected to furnish grazing next summer.

A good stand of fall sown hubam clover, and vetch intersown with rye, have been observed on the Hiram Olsen farm east of Stamford. The vetch and rye is making good growth and Olsen expects to start grazing it as soon as the ground dries. Olsen also has a small patch of madrid clover planted last spring which he expects to harvest for seed next summer.

Austrian winter peas have reached a height in growth of twelve to eighteen inches on the J. L. Earles farm east of Paint Creek school. W. J. Earles, operator of the farm, plans to turn his cattle in on these peas as soon as the field dries up.

Noah S. Lane has some trial plantings of Alfalfa, Madrid clover, Austrian inter peas, and vetch intersown with rye all of which was seeded this fall. Lane reports that he has a good stand of the madrid clover, and alfalfa and the winter legumes have made a good growth and could be grazed. These patches are planted on his farm just south of Haskell.

Vetch and rye winter peas, hubam clover, and alfalfa may be seen growing on the Lee McCaleb farm just south of Anson, and on the O. B. Cox farm just west of Anson. These legumes were planted from early to late fall, and the earlier plantings of vetch and peas have made a good growth and are ready to be grazed.

POT-SHOTS FROM MCCAULLEY

BY GEO DARDEN

(Editor's Note: Gremlins have been in the shop again this week. This time most of George Darden's copy has been lost and we are unable to print the news from McCaulley area. Our sincere apologies to Brother Darden and all the readers of his always interesting column of news and comments.)

Comment No. 1—According to newspaper slants regarding the unseating of Senator Bilbo of Mississippi, you would think that Bilbo is on the spot. Well he might be if all the other members had have walked the straight and narrow path through the years, but perhaps Mr. Bilbo knows about as much on some of them as they do on him—so we don't look for too much rangling before Bilbo takes his seat. You can't keep politicians from accepting campaign gifts, in fact many could not win without the financial assistance by friends. We still say that if Senator Pappy was seated, they should seat Bilbo and maybe both Bilbo and Pappy would "fall out" and murder each other.

Comment No. 2—We hear and read a lot about who is the most brilliant man or woman. The subject is rather don't mean Madison Square there has been much doubt as to who is the boss. Woman suffrage came along and the lovely creatures voted and even ran for office. Some were elected and others rejected. To be more "masculine" many have put on pants which in most cases takes the feminine touch, so cherished by man from their pleasing personality. If

we take as our rule and guide "the good book" then the woman was made from a rib of man and doctors of today tell us that man has one more rib than woman and many of us take it for granted that such is the case even though we never take the time to count em'. If only Eve had refrained from eating that rotten apple maybe man could have ruled the roost more satisfactory than is possible in these modern times. The word 'obey' thy husband spell 'nuts' to the weaker sex and in most cases dictionaries with such a word is left on the sales shelf by the modern day woman. Our admiration for the blondes, brunettes and red heads prevests us from taking sides as to who is the smarter of the two. But we ask confidently men, who wears the pants at your house?—A-Darden-O-Gram.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

Mrs. Frank Grimes Will Review Play By Arthor At Literary Club Tea

"There Shall Be No Night," Robert T. Sherwood's third Pulitzer prize-winning play, will be reviewed by Mrs. Frank Grimes of Abilene at a tea for the Woman's Literary Club, the Junior Literary Club and their guests on Friday, February 7, at the First Baptist Church.

Mrs. Grimes says that "There Shall Be No Night" fulfilled the prophecy in "Idiot's Delight," in which Sherwood told World War II. The title of the play, taken from the book of Revelation, expresses Sherwood's faith in the coming peaceful world.

Attendance will be approximately 250. Hosts will be Mesdames G. R. Bennett, Art Carmichael, Clifford Reynolds Jr., Herman Treadwell, Howard McLaughlin.

Mrs. O. D. Rowland, president of the Woman's Literary Club, will be program director.

A piano selection, "Liebestraum" by Liszt, will be played by Janet Bonner, an outstanding pianist of Hamlin. Janet is studying under Leonard Burford of the music department of A. C. C.

Patriotic Motif Features Monthly Ruth Class Social

Patriotic theme was carried out in the monthly social of the Ruth Class of the First Baptist Church, Tuesday night, with Mrs. Fred B. Moore Jr. as hostess and Mrs. E. J. Whaley, co-hostess. The social began with a brief business session, followed by Mrs. Cecil Sellers giving a devotional talk on "Fling Out The Banner," presenting the history of the Christian hymn and stressing patriotism to the Christian flag and ideals.

Games were enjoyed before a refreshment plate of cake and coffee with a flavor of a red, white and blue basket containing mints was served to the following guests: Madames Eugene Eaton, J. C. Turner Jr., Bill Burnett, Ovid Lawlis, Paul Gentry, Ray Johnson, H. S. Stovall, Teddy Russell, Lesley Shelburne, Marvin Carlton, Edgar Duncan, Bill Shira, Joe League, A. G. Hopper, Y. P. Wilbanks, Herman Treadwell, Cecil Sellers and A. Spencer, teacher of the class.

Miss Mary Lou Boyd, of Washington, D. C. is visiting in home of her parents, Mr. and Mrs. G. M. Bond of Celotex.

Anna Faye Carnes Weds Dawson McCoy

Anna Faye Carnes and Dawson McCoy were united in marriage last Friday evening in a ceremony read in the auditorium of the First Methodist Church. Dr. Will C. Huse, the pastor, officiated. Only a small group of close friends and relatives were present.

The bride and groom are well known here and they will make their home in Hamlin where he is in business.

Mr. and Mrs. J. E. Johnson had all their children at home this Christmas. Those here were Earlene and Doby from Fort Stockton, Mr. and Mrs. F. D. Lee, and Patsy and Phyllis from Lubbock, Mr. and Mrs. Vernon Andress and Monique from Big Spring, Mr. and Mrs. M. Smith from Mulshoe, Mr. and Mrs. J. E. Johnson, Jr. from Hamlin. It had been several years since the family was all together.

Stamford Girl's Engagement Revealed

Mr. and Mrs. Clay Herring of Stamford announce the engagement and approaching marriage of their daughter, Elizabeth, to James W. Cox, son of Mr. and Mrs. Waldo Cox of noodle, formerly of Sylvester.

The wedding ceremony will be performed at the First Baptist Church in Stamford, Friday, January 17, at 7 p. m. Friends and acquaintances of the couple are invited to attend. No formal invitations will be mailed. Cox is a student in Hardin-Simmons University, Abilene, and his fiancée was formerly a student there.

CHRISTMAS BRIDE

MRS. A. J. PERKINS

Lois Faye Brady nd A. J. Perkins Marry

In a single ring ceremony read Christmas Eve by Dr. H. I. Robinson at the First Methodist Church in Lubbock, Lois Faye Brady, daughter of Mrs. T. T. Brady of Hamlin became the bride of A. J. Perkins, son of Mr. and Mrs. Gene Perkins of Matador.

Mrs. Paul Bush, sister of the bride was matron of honor and W. A. Colston was best man.

Attired in a white wool dressmaker suit with gold trim, the bride had black and white accessories and wore a corsage of red rosebuds.

Both the bride and groom are employed and will make their home in Lubbock. They made a wedding trip to Oklahoma. Mr. Perkins was in the Army 42 months.

Fisher County Home Demonstratson Agent Gives Report On Year's Work

In her annual report of the work done in Fisher County during 1946, Mrs. Delma Bales, Roby, Home Demonstration Agent, revealed that great deal of work was done during the year. Three members of the home demonstration clubs and three 4-H club members were on the yearbook committee which outlined the past year's activities for the clubs.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
For Coughs, Chest Colds, Bronchitis

Fisher County has a total of 10 HD clubs with 147 enrolled, serving 10 of the county's 23 communities; nine girl's 4-H clubs with 217 enrolled; two community committees with 45 members. The home demonstration council, mainspring of all work in the county, has 20 members with Mrs. Lea Dickerson of the Newman club as 1946 chairman and Mrs. Archie Dagan of Rotan is chairman for this year. The group meets monthly at Roby. The two county committees are located at Sylvester and Hobbs.

Fisher county is made up of 1,487 farms and a number of large ranches. Through the clubs a total of 1,250 families are reached by some phase of HD work. Many Fisher county boys and girls are in 4H club work in the Hamlin schools.

Major educational endeavor of Mrs. Bales since assuming duties in Fisher County was the 43 group

discussions she conducted on Family Relationships. Three of the group discussions were conducted at open house social gatherings of veterans' schools in three county communities, where Mrs. Bales was also in charge of family recreational features. Major HD club demonstrations were on the making of hot breads; 4-H club demonstrations were on the art of candlewicking. Since September last year, Mrs. Bales has completely reorganized all HD clubs and girls' 4-H clubs in the county, including the naming of new officers for the coming year.

According to Mrs. Bales, there were 25 women kitchen demonstrators in the county last year with 50 women cooperators; 15 4-H club girls who were bedroom demonstrators, with 10 girls who were cooperators. During the year, there were 30 kitchens, 20 living rooms, 20 bedrooms, and five bathrooms in the county that were materially improved or in the case of bathrooms added to homes. A number of sofa and chairs were reupholstered and slipcovers made. In home management, there were 15 women demonstrators; 150 women cooperators, in the county

Other county demonstrators included: Landscape improvement, 73 women demonstrators; 200 women cooperators, 25 girl demonstrators, 100 girl cooperators; home dairying, 4 demonstrators, 135 cooperators, with 200 girl demonstrators, 75 girl cooperators; home dairying, 4 demonstrators, 135 cooperators, with 100 members of 4-H club teams, giving demonstrators on home-dairying, and 900 the total number of dairy demonstrations given during the year; poultry, 50 women demonstrators, 210 girl demonstrators, 200 women poultry cooperators, 100 girl poultry cooperators.

During the year, the HD agent spent 118 days with adults; 49 days with 4-H club girls' organizations; 44 days in the office; and 123 days in the field. Ninety farm and home visits were made by the agent during year. In addition, there were 373 office calls for counsel from the agent; 515 telephone calls pertaining to extension work; 108 news stories printed pertaining to extension service work in the county; 1,415 education bulletins distributed from the agent's office; two training meetings held with 60 women attending; 47 method demonstrations given by the agent; 903 adults attending; 30 method demonstrations given to girls' 4-H clubs, with 2,162 girls attending; two achievement days held, with 420 present

HOT WATER

You need it more than ever!

Make Sure You Get it With Proper Size Heater!

If you are planning on buying one of those do-everything home laundries or automatic dish washers, take steps immediately to consult your gas company or dealer about a worry-free automatic water heater that will supply enough hot water for them to operate.

The average requirement of an automatic home laundry is about 40 gallons of 140-degree water in 80 minutes. And keep in mind the many other household uses for hot water. New automatic gas water heaters are designed specifically to meet this need if they are properly sized.

SIZING CHART for automatic storage gas water heaters		
Number Bathrooms	Number Bedrooms	Storage Capacity Gallons
1	1 or 2	30
1	3 or 4	40
2	2 or 3	40
2	4 or 5	50
3	3	50
3 or 4	4 or 5	75

IF...

you are planning to build, remodel or modernize your water service, use sizing chart at left and make sure the heater you buy will be large enough to meet your needs.

HOME DEMONSTRATION NOTES

When your sink drain becomes clogged by grease in the pipes, it's a pretty good bet that your dishes and pans are not being carefully scraped before washing, and also that scarce fats, still badly needed, are being wasted.

Mrs. Bernice Claytor, home management specialist of the Texas A. & M. College Extension Service, says that every good housekeeper knows that grease should never be poured

into a sink or drain. Some of us forget sometimes, however, to scrape every bit of fat from frying pans, platters and plates before washing dishes. Some of the fat left over from cooking can be saved and used again or cooking—and the rest should be strained into cans and turned in for salvage.

Mrs. Claytor says you might take the advice of hemists and household equipment specialists of the U. S. Department of Agriculture, who recommend keeping your sink drain in good condition by pouring boiling water down it every few months. This softens and carries away clogged grease. Whenever your drain begins to clog, use boiling water at once, and pump out the pipe with a plumber's friend.

Before using the drain cleaners on the market, you should understand the action of the lye in these

preparations, Mrs. Claytor says. Soda lye combines with grease to form hard soap; potash lye forms soft soap. Sometimes, if the drain is badly clogged with grease, the soda lye forms so much hard soap that it will close the pipe entirely and cause more difficulty than the grease. A drain cleaner made with potash lye is better, because the soap it forms when it hits the grease is soft and can be flushed down the pipes more easily.

Site Bought for New Fisher County Hospital

W. D. Neves, chairman of the board of the proposed Fisher County Memorial Hospital to be erected in Roby, announced Monday that 7 and a half acres of land within the city limits of Roby had been purchased as the site for the modern 20-bed hospital. It is located on the Snyder highway, near the RJA building, and is said to have cost \$1,000.

Contract is expected to be let about April 1. Similar to the Hamlin Memorial Hospital, now under construction, the plant will be built from funds derived from sale of life memberships.

GOOD NEWS: We now have red cedar shingles. Also plenty of aluminum roofing and corrugated aluminum roofing.—Paul Bryan Lumber Co. 1c

More Legumes In County

A total of 3,333 acres has been planted to winter legumes in Jones County in 1946 as compared to 90 acres in 1945, County Agent H. C. Stanley reports. He credits the stepped-up acreage to the cooperative drive sponsored during the year by the SCS, PMA and extension service.

GOOD NEWS: We now have red cedar shingles. Also plenty of aluminum roofing and corrugated aluminum roofing.—Paul Bryan Lumber Co. 1c
